1. Motion to update the committees on the judge's panel so that they would have the correct number of members. Passed unanimously
2. Motion to not allow the splitting of judging within any individual division during a show by two or more judges. An example of this scenario would be two judges each judging $\frac{1}{2}$ of the Champion normal division at a show. Passed unanimously
3. Motion that a judge must obtain a copy of the show report from the show secretary the day of the show either written, or electronic such as an emailed document.
